

ABC Sustainability: Update to the Dec2024 QDM

Charlie H and Josh W

What is the Sustainability Study?

The 2024 Conference authorized a fast-tracked study on how to make delegate meetings more sustainable. This included ***“direct[ing] the ABC Study Subcommittee to report to the 2025 ABC on an appropriate number of delegate meetings, strategies for maintaining volunteer support, and models to optimize the meetings’ value and delegate experience”***

As the ABC Study subcommittee was and continues to be primarily focused on Development of a draft **Conference Charter**, that subcommittee opted to create a child subgroup to handle this new additional workstream.
