

## **2025 ABC Motion: ACA Literature & Products Pricing Policy Statement**

Brought forward by the ACA WSO Board of Trustees

**Motion:** We move to approve the following ACA Literature and Products Pricing Policy Statement:

To ensure the sustainability of ACA WSO's essential services and operations by responsibly adjusting pricing in accordance with inflation and other cost-related factors; and

To uphold ACA's primary purpose—carrying the message to adult children who still suffer—by maintaining affordable and accessible literature through discounted initiatives and a variety of supportive programs.

### **Background:**

As part of the Board's ongoing fiduciary responsibility to the fellowship, we propose that the Conference (ABC/QDM) approve the following ACA Literature and Products Pricing Policy Statement. This policy outlines the guiding principles for pricing ACA literature and related products, aiming to balance spiritual values with practical business needs.

The intent is to ensure that ACA's operations remain financially viable while our literature remains within reach for those who need it most. The Board remains committed to transparency with the Conference and welcomes delegate feedback as this policy continues to be refined and developed.
